# DEPA

**DEPA® Test Rig** 

www.cranecpe.com

The new DEPA® Test Rig provides peace of mind while pressure testing on all DEPA® pump sizes.

## **Key features include:**

- **1) Hydrostatic pressure testing:** After maintaining a DEPA® AODD pump, the pressure test verifies leakage tightness of the pump.
- **Operator safety:** The test rig ensures safe and hazard-free pressure testing by means of a robust frame design with safety window, pressure limitation valves, safety couplings and an emergency stop.
- **3 All DEPA® pumps:** Testing can be conducted on all DEPA® pump sizes (up to size 80).

# **DEPA®** Test Rig

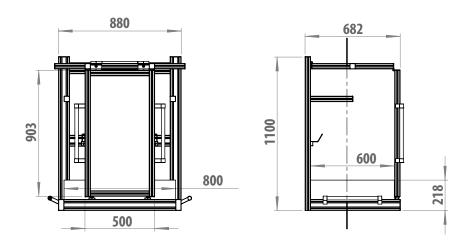

#### **Product Features**

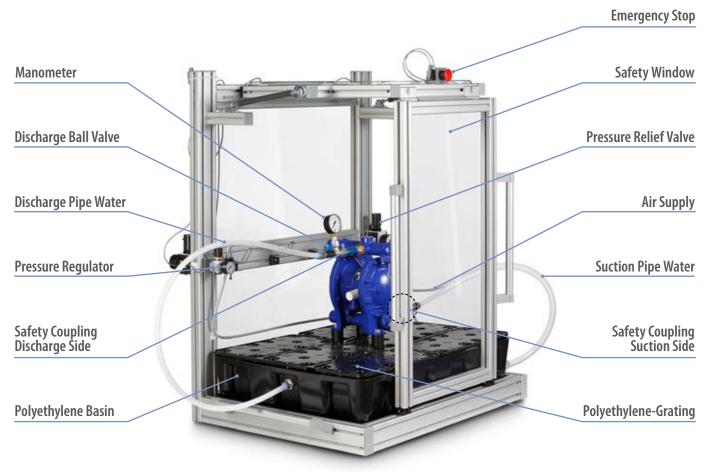

- Robust frame design with pivoting safety window
- Corrosion-free polyethylene water basin
- Emergency stop
- Adjustable air pressure regulator / air limitation valve
- Water safety coupling
- Discharge manometer
- Ball valves for air supply & water discharge pipe

#### Weight

• 41 kg (without water)

#### **Dimensions (mm)**
